A Complete Street and Avenue Guide 1935

Copyright, 1935, by R. L. Polk & Co. of New England

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment houses the number denotes the number of the apartment. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol * preceding a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family but as the sublisher cannot and does not guarantee the correctness.

of the family but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

† preceding any number indicates ownership of automobile. Telephone numbers are opposite names.

Exchange is Peabody unless otherwise noted. Bre, Breakers; Jac, Jackson; Sal, Salem.
